

LIMITED WARRANTY

REV. 050114

Jinko Solar Import and Export Co., Ltd. ("Jinko") generally provides the warranties set forth herein to the original purchaser and its permitted successors and assigns ("Customer") who resells to all solar photovoltaic modules sold by Jinko under purchase agreements signed on or after May 1, 2015 ("Modules"), subject to the terms and conditions herein ("Limited Warranty"). Jinko and Customer may hereinafter be referred to each as a "Party" and collectively as the "Parties".

1.1. Jinko provides the warranties set forth herein commencing upon the earlier of delivery of the Modules to the original purchaser or the date which is one hundred and eighty (30) days following the date of manufacture, as indicated by the serial number and digit no. 56 (11' 22), starting from the left side of the serial number and/or the Module ("Warranty Start Date").

1.2. Beginning on the Warranty Start Date and terminating on the date which is one hundred and twenty (12) months thereafter, Jinko warrants that the Modules and their respective DC connectors and cables, in any, shall be free from material defects in design, materials and workmanship at the time of performance of the Module ("Limited Product Warranty"). Material defects shall not include normal wear and tear.

1.3. Jinko warrants that the degradation rate shall not exceed the following over the periods identified following the Warranty Start Date: (a) 0.5% per year for the first ten (10) years following the Warranty Start Date, at which time the Annual Energy Production shall be not less than 90% of the nominal power and (b) 0.5% per year for the period following the first ten (10) years following the Warranty Start Date, at which time the

Annual Energy Production shall be not less than 80% of the nominal power ("Limited Power Warranty").

1.4. ECI/ISO/IEC. "Nominal Power" means the original manufacturer's nameplate specification of the Module, expressed in Watts, as certified by Jinko and indicated on the Module, excluding any specified positive tolerance. "Actual Power" means the power output of the Module, expressed in Watts, at 1000 Watts peak at a Module generates at a given point in time in a year after the Warranty Start Date (t) in its maximum power point under Standard Test Conditions, corrected for any measurement error ("STC"). STC are as follows, measured in accordance with IEC 60904-2: (a) light spectrum of 1000 Watts/m² and (b) a cell temperature of 25 degrees Celsius at right angle irradiation. "Derated Power" shall be any positive amount calculated in accordance with the following formula, expressed as a percentage:

B. CL-I. Customer shall bear the burden of establishing a claim on the warranties hereunder. If Customer believes there has been a claim on the Limited Product Warranty or Limited Power Warranty (collectively, "Warranties"), then Customer shall promptly, and not later than thirty (30) days after knowledge thereof, provide notice to Jinko setting forth the following information related to the claim: (a) party making claim and (b) detailed description of the evidence, including photographs
